MUNICH CENTRAL STATION

FRAUENKIRCHE

MARIENPLATZ

At the beating heart of Munich

The property is located on Landwehrstraße in the Central Quartier, between the Altstadt ring and Theresienwiese, in close proximity to Munich Central Station. This central, well-connected urban location offers numerous supermarkets, retail stores, and diverse culinary options. Landwehrstraße's history is deeply rooted in commerce, a legacy that is still reflected today in its distinctive and architecturally significant facades.

TRANSPORT CONNECTIONS / DISTANCES

500 M TO MUNICH CENTRAL STATION

Green Rooftop Terraces

Assembly Hall

Space for new work environments

Our office spaces offer a variety of sizes and the option to lease across multiple floors. With flexible floor plans and a thoughtful designed building concept, these spaces provide the perfect environment for New Work and Work 4.0.

Corporate Social Responsibility

Green terraces and the spacious inner courtyard support biodiversity and contribute to the urban climate. This enables rainwater management, provides noticeable cooling effect in summer and improves the local microclimate. The use of native plants creates a welcoming living space for even the smallest residents.

Sustainability

With landN, Urban Progress focuses on sustainable revitalization of the existing building rather than demolition. This transformation saves valuable resources and reduces CO2 emissions. Here, historic elements blend seamlessly with modern design to create a truly unique working environment.

Target Certification

Targeting a BREEAM Excellent certification, the project demonstrates a strong commitment to sustainable building operations, resource efficiency and occupant wellbeing.

What suits you best:
showroom, restaurant
or office?

approx. 380 sqm rental area (GFA)

Bistro with Outdoor Seating
